A RENTED SKIFF

The ferry had stopped for the night and berths at Port Wescott. At 21:40 a tall man in city shoes rented skiff #3 from Wescott Marine & Fuel under the name “**E. Lawson**”, fuelled at 22:05, and left without running lights.

Fifty minutes later — at 23:10 — Silas logged an unlit outboard heading for the south ledge landing, which is only usable around low water (23:20 that night). The skiff came back at 01:40, its driver soaked to the knee.

The killer came by **rented skiff #3**, signed out as **E. Lawson**.

LETTER — E. LUSK TO S. WREN

ENV B

TERN POINT HOLDINGS, INC. • BOSTON

Dear Mr. Wren,

I will be on the island Saturday with our final offer of \$85,000 for the Tern Point parcel. Without the Point the south-shore project cannot go forward, and my investors are not patient men.

I would urge you to think of Mrs. Wren. She has told me she would not stand in the way of a sensible arrangement.

Mr. Lusk —

You have my answer and you will keep getting it. The Point stays in the family while I'm alive. Leave my wife out of your letters.
